

Teaching Faculty, IIT & CTBUH Academic Coordinator

The Illinois Institute of Technology (IIT) College of Architecture, in partnership with the Council on Tall Buildings and Urban Habitat (CTBUH), seeks candidates for a joint appointment that will include teaching at IIT and serving as the Academic Coordinator at CTBUH. The position will support Dr. Antony Wood (CEO at CTBUH and a teaching professor at IIT) in the delivery of various tall building / future city-focused design studios and seminar courses. In addition, the successful candidate will help launch an exciting, multi-disciplinary graduate degree program that is a collaboration between IIT and CTBUH. Depending on candidate experience and qualifications, the position is expected to support IIT's PhD program and future research projects. The ideal candidate should therefore have a strong background in teaching architecture and research in the subjects of tall buildings and future cities; M.Arch required; PhD desirable.

REQUIRED QUALIFICATIONS

- A terminal degree in the field of architecture, urban design, or a related field of study (M.Arch required; PhD desirable).
- Demonstrated teaching, professional, and/or research experience in the areas of tall buildings and urbanism.
- Proven ability and achievements in communicating fundamental architectural concepts through writing, presentation, and illustration.

ESSENTIAL DUTIES & RESPONSIBILITIES:

- Develop and implement detailed course plans in collaboration with IIT and CTBUH, teaching design studio courses and seminars as needed.
- Evaluate and monitor individual student progress and provide feedback to sustain and ensure a high level of student success. Implement strategies for year-over-year growth in program enrollment.
- Research, organize, and manage instructional resources and course outlines.
- Steer academic initiatives in relation to the CTBUH, overseeing academic committees, managing projects, and engaging with academics around the world.
- Contribute, where appropriate, to CTBUH research projects that leverage academic resources.
- Establish and maintain effective partnerships with IIT, CTBUH members, and industry stakeholders.

CTBUH and IIT will begin reviewing applications **December 1** and will continue until the position is filled.

HOW TO APPLY:

Qualified applicants should send a brief cover letter, curriculum vitae, and work samples, to: careers@ctbuh.org.

ABOUT CTBUH

The Council on Tall Buildings and Urban Habitat (CTBUH) is the world's leading non-profit organization for those interested in the future of cities. It explores how increased urban density and vertical growth can support more sustainable and healthy cities, especially in the face of mass urbanization and the increasing effects of climate change worldwide. With offices in Chicago, Shanghai, and Venice, the CTBUH member network embraces more than a million building industry professionals in almost all countries of the world. CTBUH serves as a platform for cutting-edge information-sharing and business networking for all companies and professionals focused on the inception, design, construction, and operation of cities, and the buildings they comprise.

To learn more, please visit ctbuh.org/about.

CTBUH and COA are committed to diversity and inclusion. Accordingly, women, BIPOC, and candidates from other historically under-represented groups are encouraged to apply. Illinois Institute of Technology is an EEO/AA/Title VI/Title IX/Section 504/ADA/ADEA employer committed to enhancing equity, inclusion and diversity within its community. It seeks applications from all individuals regardless of race, color, sex, marital status, religion, national origin, disability, age, veteran status, sexual orientation, and/or gender identity. All qualified applicants will receive equal consideration for employment.
